FAS Your Global Connection

Making international trade work for you...

You Need a Presence

FAS staff know how critical meeting the customer can be to making the sale. That's why we've got you covered with shows in almost every part of the world. China, Mexico and France are just a few of the locations. The USA banner draws crowds because it is a world-recognized sign of high quality and safe foods that are fresh, flavorful and fun. The broad range of products stimulates buyers' interest and expands their knowledge of what is available.

You Expect a Good Deal

When USDA links its name with a show, it's your assurance of high standards at a fair price. You can expect a full-service booth with electric hook-up and a business lounge. You'll get marketing services, including reports on the country and its buyers, and even limited public relations help. Your company will also be listed in the pavilion show catalog.

You Want Experience

No other organization can offer USDA's decades of expertise in promoting U.S. food and agricultural products overseas. Our trade show experts can help you make the most of your overseas experience. FAS attachés and staff, stationed at U.S. embassies worldwide, will give you invaluable insight and contacts as you seek new markets.

Get Started: Here and Now

If you know which country is right for you, give our trade show experts a call. They are ready to help you make your connection to the world.
